## SUMMARY

At the beginning of my career from 16 to 18 I spent time studying and working as a freelance graphic designer, as well as working as an assistant at "Silken" company. Through this I became more aware of what the client wants to get. It's important for me to develop within the company, to improve my skills, as well as to promote the client's product quality, to improve the company's reputation, to be a worthy member of the team, to learn from the best and improve my skills, to grow to be able to take on leadership positions. I have experience in sales, excellent communication skills. Successfully I finished several courses chose the role of a fashion manager. I worked in this field for three years. Then I decided to go into administration in the area of small businesses, beauty salons, where I worked for 5 years.

Also experience of participation in such shows as : Mercedes - Fashion Week and others in Kiev. Experience of holding master-classes. Participation in private shoots and much more. Experience with brands: Framesi, Vitalitys, Farmavita, Krom, Redken, Kevin Murfy, Goldwell, Wella
